The Akron Gyro Brewmeisters were back in action in September / October brewing and bottling six vats of choice Brew Kettle beer. If you would like a sample taste, contact one of our brewers. Also, remember that we will be featuring Brew Kettle selections in the hospitality room at the District 1 Convention next September that we are hosting in Cuyahoga Falls.
Report from the Gyro Football game party

25 Akron Gyros and guests attended the Akron Zips football game against Northern Illinois on Saturday October 20th. Akron Gyro Ted Curtis, who is the VP of the Capital Planning and Facilities Manager for the University was able to secure the North Party Deck at the stadium for our group. Other party planners included Ed Russell and Pat Rynd who finalized the deal and made this a memorable event. Unfortunately the Zips lost the game but everyone enjoyed the gyro fun and friendship.

“Tis the Season” when our Snowbirds fly south to enjoy the winter in a warmer climate. We wish all of them safe travels and a fond good-bye until we meet again next spring. For those of us left behind, we will shovel the snow, endure the hazardous driving conditions, plug in the electric blankets and layer our clothing.

Snowbirds, while you bask in sunshine and warm weather, sip cocktails on the beach, just know that we are keeping the home fires burning and we will keep the warm gyro friendship going here in the NE Ohio until you return.

Darcy’s Memorial Joke of the Month

Yossel Zelkovitz worked in a Polish pickle factory. For many years he had a powerful desire to put his penis in the pickle slicer. Unable to stand it any longer, he sought professional help from the factory psychologist.

After six months, the therapist gave up. He advised Yossel to go ahead and do it or he would probably never have any peace of mind. The next day he came home from work very early. His wife. Sacha, became alarmed and wanted to know what had happened. Yossel tearfully confessed his tormenting desire to put his penis in the pickle slicer. He went on to explain that today he finally went ahead and did it, and he was immediately fired. Sacha gasped and ran over to her husband. She quickly yanked down his pants and shorts only to find a normal, completely intact penis. She looked up and asked, “I don’t understand. What about the pickle slicer?” Yossel replied, “I think she got fired, too.”
